Rating: 😊 very good**Category:** [Facial Care](#) -> [Cream/Lotion](#)

MOISTURIZING & SOOTHING GEL: restores hydrolipidic layer of the skin, provides excellent 72h hydration, instant smoothing of mimic wrinkles and evens skin tone. A combination of antioxidants reduces skin sensitivity.

Use: in facial treatments that restore the moisture level of the skin and anti-aging treatments, suitable for use in a variety of massages, in electrotherapy and sonar therapy, for preparing for further cosmetic manipulations, as well as for rehabilitation after plastic surgery.
